## 1

# World Leading Products

We are extremely proud of the innovative firsts we have brought to the industry. From the World's most powerful mains powered gutter cleaning machine to the World's 1st Telescopic vacuum pole. We listen to our customers and design pioneering equipment based on their feedback. All of our equipment undergoes extensive and robust testing before we introduce it to you, to ensure complete customer satisfaction

2

# Unrivalled Customer Support

We always go the extra mile to deliver great customer service and we are incredibly proud of our 5 Star Service rating. From advice on how to access a difficult gutter, clean a challenging patio through to sending out a replacement part, our dedicated team are always on hand to offer help, advice and support

3

# Shop with Confidence Guarantee

Here at SkyVac by Spinaclean we're so confident in our products and services that we offer a "Shop with confidence" guarantee across all purchases. This includes a no quibble 30-day money back guarantee on all our products as well as a 1-year Manufacturer's warranty on all of our SkyVac™ vacuums and SlipStream pressure washers for complete peace of mind

> We love using our Industrial 85 vacuum! It keeps our customers very happy with its amazing performance! And also keeps us happy with how easy and effortless it is to use!
>
> **@superclean.gutters**

> We have the SkyVac™ Industrial which since we have purchased we have seen an increased demand from clients with incredible results. Our main bulk of work is window cleaning but we saw potential and it's paid off!
>
> **@cleanbusinessuk**

> Get the industrial. I did and I've never looked back. You can do pretty much anything and you can do it faster than a smaller machine. I've done factories, barns, houses, restaurants, hotels, horizontal valley gutters .... the list goes on!
